

# COMPANY PROFILE

Your Partner in Precision:  
Workshop , Oil & Gas Solutions.

# About Company

---

At Falcon Global Solution LLC, our mission is to revolutionize the automotive service industry by providing cutting-edge garage, workshop, and lubrication equipment along with unparalleled service excellence. We are dedicated to empowering automobile dealer workshops, service stations, private garages, lube service centers, tire shops, heavy vehicle workshops, government organizations, and the oil and gas sector with innovative solutions that enhance efficiency, reliability, and safety.

Our commitment is to deliver top-tier products and services that drive success, ensuring our clients can confidently serve their customers with the highest standards of performance and professionalism. Falcon Global Solution LLC is your trusted partner in driving the future of automotive service excellence.

# Mission

At Falcon Global Solution LLC, we are committed to revolutionizing the automotive service industry by delivering cutting-edge garage and lubrication equipment, alongside unmatched service excellence. We empower workshops, service stations, and the oil & gas sector with innovative solutions that enhance efficiency, reliability, and safety. As your trusted partner, we drive the future of automotive service excellence.

# Vision

At Falcon Global Solution LLC, our vision is to become the leading automotive equipment supplier in Oman and the GCC. We are dedicated to setting new standards of excellence, reliability, and innovation. Join us as we revolutionize the market with top-tier products and exceptional service, driving the future of automotive equipment solutions in the GCC.

## Our Value

## Our Service

### **AUTOMOTIVE EQUIPMENT**

Delivering comprehensive solutions for setting up and equipping workshops with high-quality tools and equipment

### **TOOLS & EQUIPMENT**

Delivering cutting-edge tools and equipment that enhance performance and precision across any job.

### **LUBRICATION EQUIPMENT**

Specialised in a wide range of high-quality lubrication equipment for efficient fluid management and maintenance

### **MARINE & OIL/GAS EQUIPMENT**

Providing reliable Oil & Gas and Marine equipment solutions for efficient operations and maintenance

**SAMOA Industrial manufactures high-quality pumps, systems, and solutions for complex fluid handling. Renowned for innovation and reliability, SAMOA products are used across various industries for fluid transfer, lubrication, extrusion, and paint spraying. With a focus on energy efficiency and ease of maintenance, SAMOA delivers excellence in every product, ensuring optimal performance and long-term value. Our commitment to continuous improvement drives us to set new industry standards and meet evolving customer needs.**

**The main industries where SAMOA is present with lubrication are:**

- Automotive
- Oil & Gas
- Transportation
- Agriculture
- Mining & Construction
- Marine
- Aerospace
- Railroad
- General Industry
- Infrastructure

For over twenty years, Ompi has specialized in fluid handling, producing equipment for the extraction, distribution, mixing, and metering of various fluids, including oil, grease, diesel fuel, water, and compressed air. Their products, used in heavy industry, manufacturing, agriculture, and DIY, are known for their high efficiency, accuracy, and reliability, thanks to in-house manufacturing and top-quality materials. Ompi's innovations include the first electronic flow meter certified for industrial lubricating oils, meeting major international standards. The company has expanded its production capabilities with new facilities and a focus on energy efficiency, environmental protection, and safety.

**KENNEDY®**

KENNEDY Tools from Cromwell offers a premium range of high-quality hand tools, renowned for their Quality, durability and precision. Their extensive product lineup includes Hand tools like wrenches, screwdrivers, pliers, socket sets, Tools Cabinets, all designed to meet the rigorous demands of professionals across various industries. With robust construction and innovative design, Kennedy Tools ensure reliable performance and longevity. Backed by Cromwell's reputation for excellence, Kennedy Tools deliver superior craftsmanship and consistent results, making them a very trusted choice for demanding work environments.

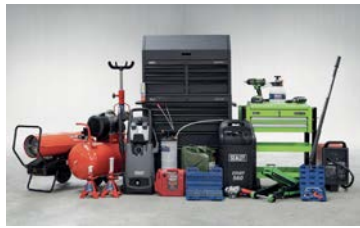

With over 30 years of expertise in pneumatic tool manufacturing, Scorpio Tool is committed to delivering high-quality and reliable products to the market. Every product undergoes rigorous testing, from design to production, ensuring superior performance and durability. By utilizing advanced manufacturing techniques and stringent quality control procedures, Scorpio Tool guarantees that you receive only the best products. With a strong focus on continuous innovation, the company strives to enhance your experience and set new standards in the industry.

Sealey Tools is one of the UK's leading suppliers of professional-grade workshop tools and equipment, established in 1978. With a catalog of over 12,000 products, they serve the automotive, industrial, agricultural, and engineering sectors. Known for quality, innovation, and strong after-sales support, Sealey offers a wide range of tools—from lifting and lubrication equipment to power tools and storage solutions. Based in the UK, Sealey exports globally and is trusted by professionals for its reliability and comprehensive service.

Heshbon was established to provide high-quality automobile lifting equipment for the growing automotive service industry. Focused on enhancing product quality and reliability through ongoing R&D, Heshbon aims to create safer and more efficient work environments. Recognized by the Korean government with the Q mark and holding ISO 9001 and ISO 14001 certifications, Heshbon offers a broad range of products to meet diverse global needs.

## **B17<sup>™</sup> SUPER BENCH BRAKE LATHE**

*Switching from resurfacing brake discs to drums takes merely seconds with the new Quick-Pivot cutting head. The power plant of the B17 is a 48V DC motor which provides smooth operation and plenty of power across a wide range of disc & drum sizes. The B17 is equipped with our most advanced electronics package which tracks the number of discs and drums machined. All of that and it's mounted on a mobile heavy duty tool cabinet to safely store all your necessary adapters and accessories.*

## **X9<sup>™</sup> ON-CAR BRAKE LATHE**

The PFM X9 combines our best existing technologies, like patented PFM one button computerized compensation system and 4 wheel-4 axis fully adjustable trolley, and combines them with a rigid new X-Frame lathe chassis, powerful belt driven high-torque drivetrain, and super bright 6 LED light to give you a clear path to higher profits! All X9's come with our famous DRO display that includes live run-out, productivity tracking, and lathe diagnostics. X9's are digitally expandable to optional G2X and GYR systems.

**ABAC is the leading compressed air solutions company, providing the best compressors, tools and air distribution systems to fulfil even your most demanding needs.**

**Committed to quality, durability, and simplicity, ABAC aims to make your life easier with their compressed air solutions that you can rely on for everyday use. From oil-injected screw compressors to mobile piston compressors, ABAC is the perfect business partner to enhance productivity and efficiency.**

Teryair, based in Mumbai, India, specializes in designing and manufacturing high-quality pneumatic machinery, including AODD pumps, air motors, and ventilation fans. With a team of dedicated engineers, the company is known for delivering practical, innovative products that meet the latest industry standards. Their offerings are CE, ATEX, and IECEx certified, with approvals from leading global certification bodies, backed by ISO 9001-2015 quality systems certified by SGS. Guided by the philosophy of delivering great products at exceptional value, Teryair has established a strong reputation in the market.

OMCN is a global leader in automotive equipment with a 60,000 m<sup>2</sup> production facility and a range of over 600 products. The company ensures top-quality manufacturing through a 360° production process and compliance with key European directives. OMCN's vehicle lifts meet the EN 1493 standard, and it collaborates with international certification bodies like Bureau Veritas and TUV. With a presence in over 100 countries, OMCN emphasizes "Made in Italy" quality and offers 10-year product liability insurance, reflecting its commitment to innovation, safety, and reliability.

With over 30 years of industry expertise, RMX Industries offers you technologically advanced general-purpose hoses and hose reels—manufactured entirely in-house. As the only company in the world making both hoses and retractable metal reels, RMX ensures unmatched quality from an ISO 9001:2015 certified facility. You get products that last up to 3x longer, giving you better performance and value.

Through our exclusive BluBird Technology, backed by 20 years of R&D, you benefit from hoses that are ultra-flexible, lightweight, and built to perform in extreme weather conditions. Whether for professional or residential use, every product comes with an unmatched 10-year warranty, so you can work with confidence.

Liquid Controls, often recognized as LC Meter, the 'yellow meter' or diesel flow meter, is renowned for its industry leading precision in liquid measurement. Liquid Controls is committed to providing high quality positive displacement, electromagnetic and Coriolis (mass) flow meters and accessories for accurate liquid measurement in both custody transfer and process control applications.

**FILL-RITE**

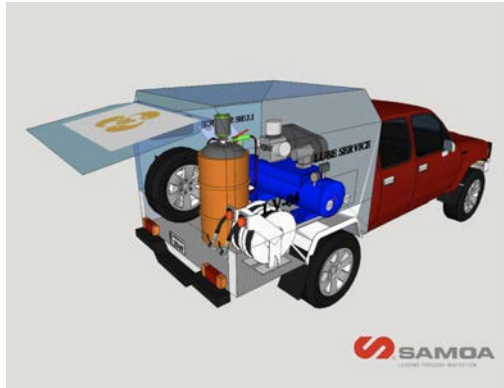

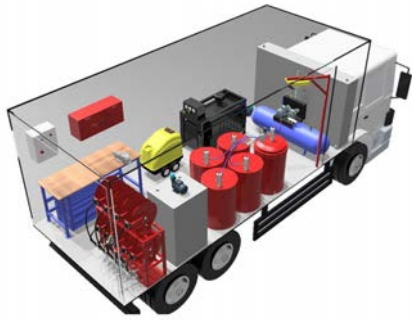

**Fill-Rite®, a Gorman-Rupp company, offers the most rugged and reliable brand of high-value fuel transfer pumps, meters, and accessories for your fluid dispensing needs. When you choose a red Fill-Rite fuel transfer pump, you know it will work for years to come. Install it, forget it, and focus on what makes you the most profit.**

## **BLASTING EQUIPMENTS**

Blasting machines use abrasive materials propelled under pressure to clean, prepare, or finish surfaces. Sand blasting is a powerful method for removing rust, paint, and heavy contaminants but generates dust and health risks. Soda blasting uses baking soda for gentle cleaning of delicate surfaces, ideal for non-destructive restoration. Dust-free blasting combines abrasives with water to minimize dust, making it safer and eco-friendly, suitable for indoor or urban areas. Each method has specific uses, and safety measures like protective gear and proper ventilation are essential.

## MOBILE SERVICE TRUCK

Mobile lube trucks and maintenance vehicles have become essential for reducing operational costs in industries like construction, demolition, and mining. These versatile support trucks are capable of servicing even the largest vehicle fleets, ensuring maximum efficiency by providing on-the-go access to antifreeze, grease, water, fluids, repair and maintenance materials, and even welding equipment—essentially offering the full capabilities of a fixed garage. With customizable features tailored to specific user requirements, our company specializes in designing and manufacturing mobile lube trucks and maintenance vehicles that meet all your operational needs, enhancing productivity and reducing downtime.

## Hose Fittings & Couplings

We carry a comprehensive range of quick connect/disconnect couplings and replacement parts for the petroleum, industrial, chemical, tank truck, marine and aviation markets.

## LPG Valves & Accessories

Pressure control, flow control, relief valve solutions for specialty gases, liquids, steam, natural gas and liquid propane industries across a range of stationary storage & mobile applications.

## Dry Break Couplings & Safety Break-Aways

TODO Safety Break-Aways, Dry Break Couplings (From 1" to 6") & accessories. Trusted around the world to transfer highly valuable & volatile products in the most testing conditions.

## Hoses

We take pride in our ability to offer the most comprehensive and technically sophisticated range of hose products available anywhere in the world. Our hoses have been tested to last many times longer than anything currently on the market.

# ADDITIONAL ACCESSORIES

**Hose fittings and couplings** are essential components that connect hoses to equipment, ensuring secure and leak-proof fluid transfer. **LPG valves and accessories** are designed to regulate, control, and ensure the safe handling of liquefied petroleum gas in various industrial and domestic applications. **Dry-break couplings and safety breakaways** are innovative solutions that prevent spills and equipment damage during disconnections, enhancing operational safety and environmental protection. **High-quality hoses**, built for durability and flexibility, are critical for transferring liquids, gases, or chemicals efficiently in demanding conditions. Together, these components play a vital role in industrial operations by improving safety, efficiency, and reliability.

**U-HFA m**  
0.6/1 kV Screened Power & Lighting Cables

Used in ships and sea vehicles for power and lighting applications. Halogen-free, flame retardant and low smoke density type cables.

**U-HFAT m (C)**  
250 V Collectively Screened Telecommunication & Control Cables

Used in ships and sea vehicles for telecommunication and signal applications. Halogen-free, flame retardant and low smoke density type cables.

**U-HFFRA m**  
0.6/1 kV Fire Resistant Screened Power & Lighting Cables

Used in ships and sea vehicles for power and lighting applications. Halogen-free, flame retardant and low smoke density type cables, these cables have function endurance according to IEC 60331.

**MEASURING & TESTING EQUIPMENT**

- Handheld - Portable Ammeter
- Volt Meter - Multi Meter
- Clamp Meter Frequency Meter
- Temperature Meter Oscilloscope
- Hours meter

**HIOKI** **sanwa** **megger** **FLUKE**

HIOKI E. E. CORPORATION [www.sanwa-meter.co.jp](http://www.sanwa-meter.co.jp)

**CABLES**

- Marine SWB Armoured Cables - Fire Retardant & Fire Resistant
- Oil Rigs Cables - IEEE 45 Type P
- Mud Resistant RFOU, BFOU Cables
- SWA Power Armoured Cables
- HD7RNF Rubber Insulated Cables
- Control & Instrument Cables

## SOLUTIONS IN MARINE SECTOR

At Falcon Global Solution LLC, we specialize in providing top-notch equipment and supplies tailored for the marine sector. From essential tools and advanced machinery to reliable spare parts and lubrication solutions, we cater to the unique needs of marine operations. Our commitment to quality and customer satisfaction ensures that your maritime projects run smoothly and efficiently.
