AL MAJADEEF TRADING L.L.C
CIVIL AND ELECTROMECHANICAL CONTRACTORS

VISION & MISSION

Our Mission:

Pioneering Excellence in Specialized Fields

Our mission is crystal clear: to ascend as the undisputed market leader in our specialized domains. We are driven by the desire to be intricately linked with prestigious projects that define industry benchmarks.

Our commitment is unwavering: to deliver unparalleled quality service with optimal budget-friendly solutions, all culminating in timely completion. With a resolute focus on maintaining our position at the forefront, we pledge to uphold this commitment through consistent excellence and adherence to the best business practices.

Our Vision:

Forging Ahead with Technological Innovation

Our vision is rooted in our proactive approach to technology within our specialized spheres. We pledge to stay at the forefront of technological advancements, ensuring that our solutions remain ahead of the curve. Our vision is a journey of perpetual improvement, where innovation is the compass guiding us towards even greater heights.

AL MAJADEEF TRADING L.L.C

CIVIL AND ELECTROMECHANICAL CONTRACTORS

Welcome to Al Majadeef Trading LLC, your premier choice for top-tier Civil and Electromechanical contracting services in Oman. With a distinguished legacy spanning four decades, we have emerged as a pioneering force in the industry, specializing in Electrical, Water Distribution Networks, Electromechanical systems, and Plumbing. Our commitment to excellence, reliability, and quality has earned us a reputation that speaks volumes.

Unparalleled Expertise and Services

Our journey encompasses a wide spectrum of projects, collaborating with clients who demand nothing short of the extraordinary. Our forte lies in managing intricate Electrical, Water Distribution Network, Plumbing, and Fire Alarm systems for commercial, residential, industrial, and infrastructure undertakings. From conception to installation, and from testing to commissioning, we orchestrate the entire MEP (Mechanical, Electrical, and Plumbing) process with finesse.

The Power of Experience

Behind Al Majadeef stands a team of highly qualified engineers and skilled technicians, many of whom boast over 15 years of industry expertise. This collective wealth of knowledge and experience has propelled us to successfully deliver projects in the fiercely competitive market. Our arsenal of cutting-edge equipment underscores our commitment to quality, efficiency, and innovation.

Empowering Quality and Efficiency

In a landscape where delivering high-caliber solutions at a reasonable cost is paramount, we stand ready to provide a suite of value-driven services to our esteemed clients. Our fusion of quality and cost-effectiveness is designed to exceed expectations and redefine industry norms.

A Culture of Safety

Safety is not just a checkbox; it's the cornerstone of our work culture. At Al Majadeef, we prioritize the well-being of our team members and the integrity of our projects. Our impeccable safety record is a testament to our unwavering dedication to industry standards and best practices.

ELECTRICAL DIVISION MEDIUM VOLTAGE

Illuminating Excellence

In the realm of Electrical solutions, Al Majadeef Trading LLC stands tall as a beacon of reliability and proficiency. Our bedrock principles revolve around unwavering quality and professional craftsmanship. As a revered electrical contractor, we meticulously adhere to both national and international quality and safety standards. Our journey is characterized by a team of engineers who possess an innate understanding of each project's unique requirements, allowing us to orchestrate impeccable execution plans. Our commitment to sustainability underscores our dedication to minimizing environmental impact and fostering community well-being.

Electrical Design, Supply, and Installation

As torchbearers in the industry, we boast an extensive skill pool and a wealth of experience, enabling us to craft ingenious designs for a spectrum of electrical systems, including overhead and underground power lines. Our designs seamlessly transform into reality through an efficient supply and installation process. We excel in providing comprehensive solutions for electrical equipment, substations, and panels, ensuring that every facet of your electrical infrastructure is optimized for performance and longevity.

Operation and Maintenance

Our commitment doesn't end with installation; it extends to the continued excellence of our projects. Whether you require full maintenance, periodic upkeep, spare parts, or annual service contracts, we stand ready to provide steadfast support tailored to your exact needs. Our dedication to your project's ongoing success is unwavering.

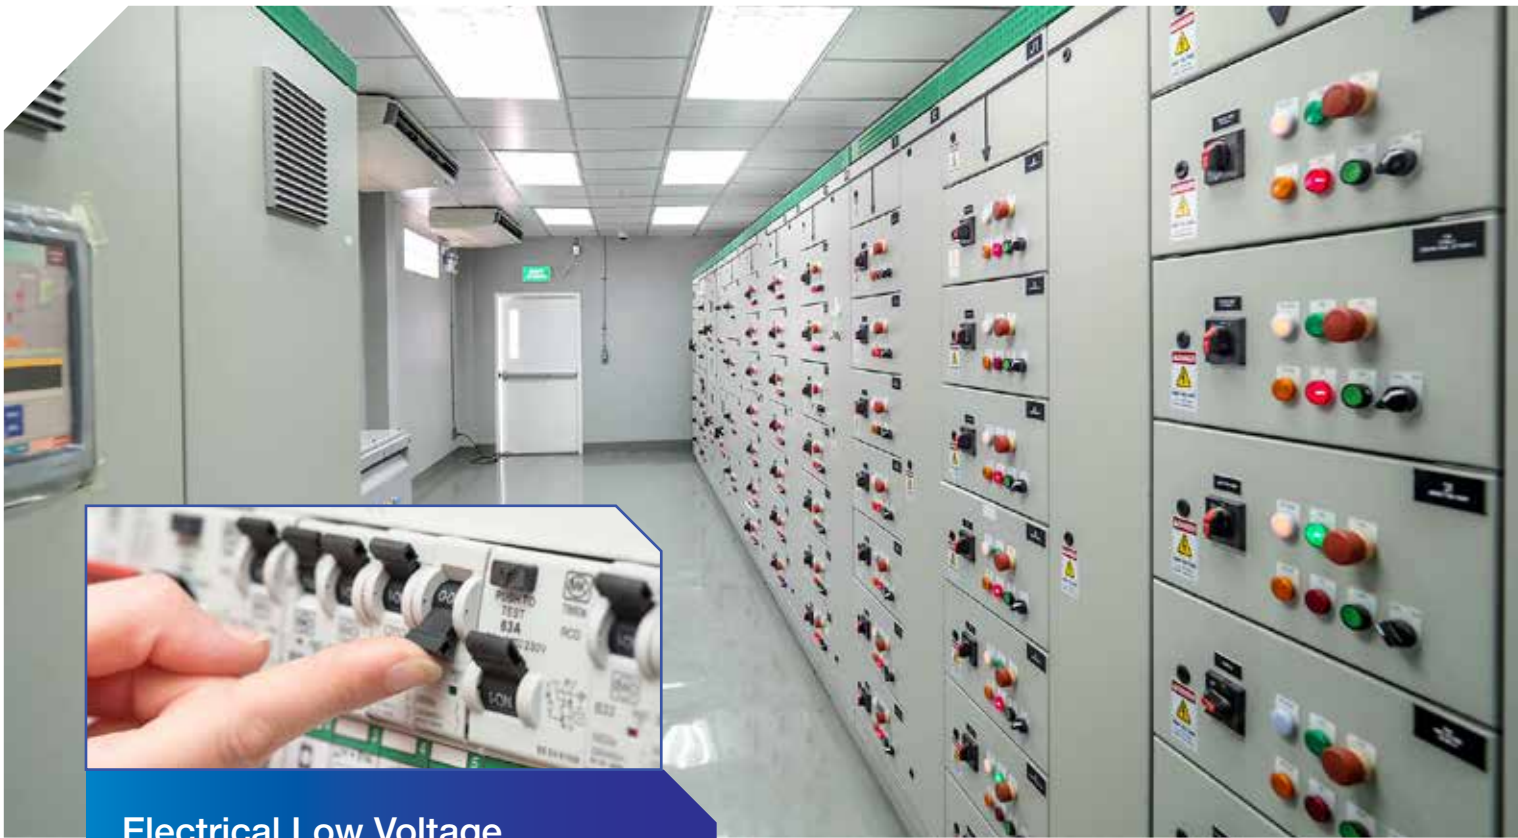

Electrical Division Activities

- Design and construction of 33/11KV outdoor substation including installation of 6 MVA transformer, steel Gantry, and associated equipment like Auto recloser, fused Disconnecter, AB switch, Lightning arrester, Earthing, SCADA, ect.
- Design, Supply, and installation of 33KV overhead line network.
- Design, supply, and Installation of 33KV U/G cable network
- Construction of Distribution substation including Ground mounted transformers ranging from 315 KVA to 2000 KVA, Ring main unit (Sf6/Oil), Main Feeder Pillar, LV panels, Earthing works, interconnecting cables, terminations, and straight joint.

- Installation of Pole mounted transformers ranging from 50 KVA to 315 KVA, 400A cutout box, Dropout fuse, Lightning arrester. And other equipment associated with the installation of Pole mounted transformers.
- Design, supply, and installations of 11 KV overhead line network.
- Design, supply, and installation of 11 KV U/G cable network.
- Service connection works.
- Design, supply, and installation of LV overhead line network.
- Design, supply, and installation of LV U/G cable network
- Getting all approvals from concerned authorities including MEDC, Ministry of Housing, DIAM, HAYA, Ooredoo, Omantel, Oman Broadband, and Muscat Municipality
- Testing and Commissioning of 33/11/0.415 KV network.

Electrical Low Voltage

Domestic Electrical Installations

Powering every household with reliability and safety, our Electrical division specializes in domestic electrical installations. We illuminate lives while prioritizing safety and seamless functionality.

Power Transmission & Distribution (medium Voltage Section)

Our mastery extends to the arteries of power transmission and distribution. We create networks that are robust, efficient, and primed to support diverse demands.

Electrical Extra Low Voltage

In an increasingly connected world, where safety, efficiency, and seamless communication are paramount, the role of Extra Low Voltage (ELV) systems has never been more crucial. AI Majadeef, your trusted partner in the realm of ELV solutions.

With years of industry experience, our team of highly skilled engineers and technicians possess a deep understanding of ELV systems, ranging from security and surveillance to telecommunications and automation. We leverage this expertise to design, install, and maintain ELV systems that are customized to meet the unique needs of our clients

MECHANICAL & PLUMBING

Crafting Integrated Excellence

At Al Majadeef Trading LLC, we redefine the MEP landscape, orchestrating a symphony of Mechanical, Electrical, and Plumbing solutions that stand as testaments to our expertise. With a rich portfolio of prestigious projects, both governmental and private, across residential, commercial, and industrial realms, we embody a legacy of innovation and efficiency.

Mechanical Marvels

Air Conditioning and Ventilation Systems

From the comfort of residences to the precision of industrial environments, our Mechanical division breathes life into spaces through advanced air conditioning and ventilation systems. Our solutions strike the perfect balance between functionality and comfort, ensuring optimal conditions for every setting.

Plumbing Perfection

Comprehensive Plumbing Solutions

From the tiniest fixture to the most intricate plumbing network, we craft comprehensive solutions. Our expertise encompasses sanitary fixtures, fittings, internal and external drainage, water supply systems, and utilities.

FIRE DETECTION & SECURITY

Full detection & Solutions

The heart of safety lies in firefighting readiness. Our division is primed to supply fire detection and alarm systems. We stand as your partners in fortifying safety protocols.

Fire Detection

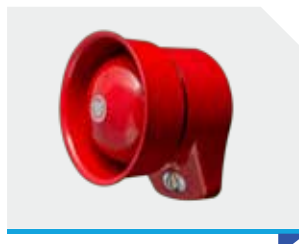

Fire detection systems is the core business to Al Majadeef Fire detection and security division

From the simplest two zone conventional fire alarm control panel to the most complex networked multi-loop, computer controlled, interactive digital addressable fire detection system, Al Majadeef can handle, shopping malls, schools, offices, industrial sites, sports stadiums, local government, hotels and leisure venues, hospitals, and airports.

Al Majageef is the authorized distributors of Protec, a major brand in Fire detection and are manufactured in accordance with current British and European standards with 3rd party approvals including; LPCB, BRE, BSI, Intertek and UL.

Aspirating Fire Detection

Our specialist detection systems engineers are available to provide design advice and support on the correct application of aspirating detection systems for all kind of buildings

AL MAJADEEF TRADING DIVISION

Beyond Borders: A Tapestry of Brands

Elevating Possibilities

Within the realm of trading, Al Majadeef Trading LLC emerges as a conduit of excellence, representing a curated selection of world-renowned brands that enrich the landscape of Oman. Our trading division is a gateway to innovation, quality, and partnerships that redefine industries.

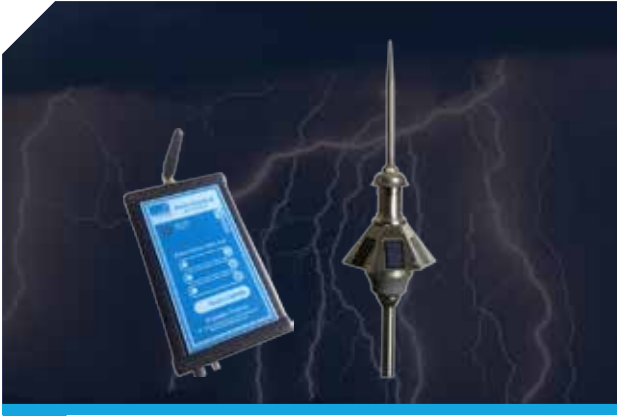

Protec Fire Detection PLC

Protec stands as a beacon of fire alarm and detection solutions hailing from the United Kingdom. As a leading player and one of the UK's largest privately owned companies in this domain, Protec and Al Majadeef have cultivated a longstanding partnership. Together, we have etched our mark on numerous prestigious projects, safeguarding lives and properties.

The Spectrum of Protec's Offerings:

- Addressable & Conventional Fire Alarm Systems
- Air Sampling Systems
- Voice Evacuation and Public Addressing Systems
- Disable Alarm System
- Cloud Chamber technology

Franklin France:
Active1D, 2D and 4D Early Streamer Emission

The innovation of the Active1D, 2D and 4D solution offers a complete system of lightening protection, permanently connected with the user. The lightening protection part uses the latest technology to advance the excitation upward leader. The Detection part uses the patented dual sensor (electrostatic) to inform the storm approaching

Roger Technology:

Elevating gate and door automation, Roger Technology's solutions blend functionality with sophistication.

VizPIN:

At the intersection of security and convenience lies VizPIN, revolutionizing access control through cutting-edge technology.

Multitek:

Multitek IP Intercom System provides comprehensive intercom and access management services.

With the Multibus Intercom System, which has a unique design and excellent image and sound quality, there is no way for intruders!

A Journey of Partnerships and Possibilities

AI Majadeef Trading LLC's trading division is not just about products; it's about possibilities. Our portfolio of renowned brands transforms industries, redefines experiences, and establishes partnerships that echo excellence.

RESOURCES & ASSETS

At Al Majadeef, our most valuable resource is our human capital. Our team comprises individuals carefully selected for their specific skills and extensive experience in their respective fields. Young recruits undergo comprehensive orientation and training when required. The company maintains a continuous commitment to investing in state-of-the-art machinery and equipment to stay abreast of industry advancements. This ensures our readiness to tackle projects that demand a blend of skilled manpower, cutting-edge equipment, and technological expertise.

PRESTIGIOUS PROJECTS

Being one of the pioneer in the field of Electrical and water distribution, Al Majadeef had worked with market leaders and their prestigious projects. Some of these projects have become landmark of the cities. Being part of these projects has earned Majadeef its rightful place in the industry.
